

Global Cancer Forum

Powering Worldwide Progress in Cancer Care

We are pleased to invite you to the launch of our Global Cancer Forum. This new global education platform provides a sustainable solution to enable meaningful knowledge exchange between countries, strengthening collaboration and advancing cancer care worldwide. The Forum is open to anyone with an interest in global health and bi-directional learning.

In the first of the series, we are collaborating with Kenya UK Breast Cancer Alliance (KUBCA) and Northwest Breast Imaging Academy (NBIA) to deliver a breast education programme throughout 2026/27. Whilst the cancer education programme is being finalised, the focus for the initial session will be on managing benign breast disease in Kenya and the UK.

Date: Wednesday 10th December

Time: 4.30pm UK (GMT) / 7.30pm Kenya (EAT)

Duration: 1 hour 30 minutes.

Topics

Management of breast infection and abscess

Granulomatous mastitis management

Educating women and HCP about mastalgia

TB of the breast - presentation and management

Management of fibroadenoma – conservative vs radiological vs surgical

HIV and the breast

How to register
