

The Association of Breast Clinicians

Expression of interest in mentoring for BC credential trainees.

Dear breast clinician credential trainee,

The ABC is launching a mentoring scheme for its members who are Breast Clinician Credential trainees. I am writing on behalf of the ABC to invite you to express interest in this new initiative. The aim is to provide informal advice, support, and sign posting etc. to help navigate the demanding curriculum requirements. To gauge interest in the scheme and understand expectations please can you complete the following information and return it to the ABC (secretary@abc.ork.uk). Your interest will be registered, and a member of the mentoring group will be in touch.

Name	
Year of training and WTE or LTFT	
Location of training site	
What would you like help and support with from a BC mentor?	
How frequently would you wish to meet with a mentor and in what format? i.e. phone/TEAMS etc	

Kind regards

Dr Sally Bundred, President ABC
